

GUANACO

- **Description:** From one of the oldest leather families in Europe comes a new concept in upholstery leather. Guanaco, *pronounced [Gwah-nah-koh]* is aniline dyed and vacuum dried using the most state of the art tanning techniques to insure durability. Depth of color is achieved with a proprietary finishing process that results in a soft hand with perfect drag. The slight pull-up effect combined with the unique grain structure leaves Guanaco un-challenged in the marketplace.

Specifications:	Raw Material:	European Cow
	Hide Size:	40-55 Square feet
	Thickness:	0.8-1.0mm
	Classification:	Enhanced Top Grain
	Type Dyeing:	Aniline
	Type Finish:	“O Waxy slight pull-up effect

- Customer Care...Keep furniture dust and dirt free. Dusting and vacuuming with a soft brush. Deal with spills and soil gently and quickly (do not rub or scrub). Use a clean cloth or sponge. If necessary, use clean distilled water only and let dry naturally.
- Do not use solvent or any product involving solvents to clean leather furniture
- Natural wrinkles, skin folds, tick bites, cleanly healed scars and other natural range markings are authentic characteristics found only in the very best leather. Like any natural product, grain pattern and color may vary from hide to hide and within each individual hide
- Expect some color variations from hide to hide due to the aniline state of the product. Some color fading may occur if the leather is exposed to direct, intense light and heat.
- Hair oil, hair gels, body oil, body lotions, and some medications can have a chemical reaction to leather that can cause staining, fading, discolorations, and color changes.
- Regular care and maintenance is required to ensure performance and longevity of leather. For our leather furniture, use only our leather cleaning products available from your dealer.
- Warranty for Residential Use Only

Type: “O”

A = Aniline, N = Nubuck, O = Oil/Wax, P = Protected
