

# WHISPER

**Description:** For years Nubuk leathers have been considered the Pinnacle of Upholstery leather. The biggest flaw has been the color fading and the nap collecting oils and dirt during the day to day usage.

Whisper is made for the modern lifestyle and built to withstand any active family. Produced in Italy on European hides combined with a top microfiber layer. This layer is soap and water cleanable and the nap does not crush or discolor during normal wear. Tear and tensile strength is far superior to fabric.

<b>Specifications:</b>	Raw Material:	Bovine Hides
	Hide Size: -	32 square feet (average)
	Thickness:	1.4 – 1.6 mm
	Classification:	85% Leather – 15% Polyester
	Type Dyeing:	Water Repellent
	Type Finish:	“M” Heavy Weight Microfiber

Customer Care...

- **Ballpoint Pen:** Treat by rubbing alcohol, use Method A.
- **Chocolate / Coffee:** Sponge with lukewarm water.
- **Fruit:** Sponge with cold water
- **Grease / Oil:** Use method B.
- **Mud:** Gently lift off as much soil as possible with a dull knife or spatula.  
Allow to dry, then vacuum. For persistent stains, use ammonia solution as described method A.
- **Urine / Sweat:** Use method A, followed by a small amount of ammoniated liquid detergent.

**Method A** - Use only water based cleaning agents. As an alternative mix 2 tablespoons of ammonia with 1 gallon of water. Blot the stain gently with a cloth dampened with this solution, turning continually, so that only the clean part of the cloth is in contact with the stain.

**Method B** - Use only mild, pure, water-free dry cleaning solvents. Dampen a cloth with the solution and follow the procedure described in Method A.

**Type: “M”**

A = Aniline, M = Microfiber, N = Nubuck, O = Oil/Wax, P = Protected
